Documental sobre Angélica Liddell, poeta, actriz, performer y directora de teatro de vanguardia. Por primera vez ella permite que las cámaras se introduzcan entre bastidores y registren su intimidad, incorporando ensayos, autorretratos fotográficos, vídeos personales y otros materiales autobiográficos.

As Angélica Liddell prepares her next play, Manuel Fernández-Valdés records the process on film. Liddell has become one of Europe's most important playwrights, creating autobiographical theater in which she exposes her innermost pain. Her intense methods affect all those who surround her, as they must be willing to reach far and endure much.
