Juan Pablo es un prestigioso orfebre que viaja desde España a Nueva York para una exposición sobre su obra. De camino pasará por su pueblo natal, un viaje que le llevará al pasado y al reencuentro con un gran amor que cambió su vida para siempre. (Fuente: Warner Bros. Pictures España)

1999. Juan Pablo, a skilled goldsmith, embarks on a journey to New York where he will exhibit some of his latest works. Before leaving, a visit to his hometown triggers memories from 25 years earlier: He is plunged into a ? ashback that will take him back to the summer when he met the woman who would mark him for life: Celia, a forty-year-old seamstress. The age difference between the two turned their love story into a pre-announced failure. Determined to alter their fate, Juan Pablo endeavors to rewrite their story, making a solemn promise to Celia before his return to 1999. However, upon his arrival, Celia is nowhere to be found. Can their love transcend the confines of time, or is it destined to be lost forever? (Film Factory Entertainment)
