Óscar y Teo (13 y 10 años) son dos hermanos, muy distintos entre sí, que viven en un modesto piso de barrio. Julio de 1989. Teo es futbolero y un poco travieso, Óscar un sabelotodo que prefiere pasar las tardes de verano estudiando la teoría de la relatividad. En realidad, cada uno lidia a su manera con la desaparición de su madre, una prometedora científica obsesionada con los agujeros de gusano. (A Contracorriente Films)

Óscar and Teo (13 and 10 years old) are two brothers, very different from each other, who live in a modest neighborhood apartment. Teo is a footballer and a bit naughty, Oscar a know-it-all who prefers to spend his summer afternoons studying the theory of relativity. In reality, they each deal in their own way with the disappearance of their mother, a promising scientist obsessed with wormholes. (Vaca Films)
