Basada en el concepto de la película Life in a Day, dirigida por Kevin Macdonald y producida por Ridley Scott, Spain in a Day da vida a la historia de los españoles (en España y el extranjero) con el objetivo de crear una película grabada por ellos mismos, en la que se reflejan también los miedos y los sueños de la España actual para los españoles del mañana, en una época de grandes cambios sociales y culturales. La película social más innovadora creada y rodada por los españoles, el evento social cinematográfico más extraordinario nunca antes realizado en España.

Based on the concept of the film Life in a Day, directed by Kevin Macdonald and produced by Ridley Scott, Spain in a Day brings life to the story of Spanish people (in Spain and abroad) with the aim of creating a film made by them, while also reflecting the fears and dreams of today's Spain for the Spanish people of tomorrow, at a time of enormous social and cultural changes. The most innovative social film created and shot by Spanish people, the most extraordinary cinematic social event ever made in Spain.
